

# INDUSTRIAL RADIOGRAPHY

SUPPLIES & SERVICES, INC.

IR Supplies and Services now offers acid etching kits. The acid etching kit contains the three solutions used in the Nital Etch test.

1. Nital etch solution.

2. Hydrochloric acid solution, for de-smutting.

3. Acid neutralizer solution, for rinsing and neutralizing acidic residuals on the sample surface.

Part Number: 205  
Description: Nital Etch Test Kit
